Mishicot Hosted SAGBRAW Overnight Rest Stop

Participants in Schramm's Annual Great Bicycle Ride Across Wisconsin arrived in Mishicot on a hot, humid day this August. The rest stop ---on August 3, 2010--- was the first time Mishicot hosted an overnight stay for the bicyclers. Mishicot was previously awarded the title of "Best Rest Stop" when the village volunteers provided refreshments in the village park as the bikers passed through on their way to their evening accommodations. This summer, Mishicot *was* the final stop for the day. Bill Jartz, anchorman of WBAY-Green Bay, led the bicyclists in a send-off to their next destination at 7:30 a.m. on August 4. A huge THANK YOU to the school district staff, local organizations, volunteers, and workers who helped to make this event such a success! So many wonderful comments were made about how friendly and organized we were.

Bill Jartz visited with SAGBRAW bicyclists before leading a send-off ride on August 4, 2010.

A few words from a contest winner:

JoAnn Kliment has entered the Pumpkinfest Baking Contest for at least seven years. She has won in a number of categories which include cake, bread, and pumpkin dip entries. JoAnn advises, "I would encourage everyone who loves to bake to try a recipe for Pumpkinfest...you would have some fun and the chance to win cash prizes."

(Canned pumpkin may be hard to find this year, so JoAnn may be using pumpkin from her own garden. A new category this year—cake decorating—does not require pumpkin as a main ingredient.)

Featured Volunteer

In an effort to thank all volunteers, we will feature a special volunteer in each newsletter.

This fall we offer special thanks to JoAnn Kliment. JoAnn taught for 24 years at Holy Cross School and is currently working for the public schools in food service. She has helped with the Farmer's Market, Pumpkinfest planning, summer concerts, SAGBRAW bike stop, volunteers at the historical museum, and provides village flower care. JoAnn changes the announcements on the Community Events board on Main Street by the cemetery. She is currently a member of the M.A.G.I.C. Design Committee and has been on the Promotion Committee for at least five years. She has organized the pumpkin carving/decorating contest at Pumpkinfest for the last twenty years. Thank you, JoAnn, for sharing your time and talents to make Mishicot a better place!

MISHICOT'S YESTERYEARS

School began on September 1st this year. The following article is a look back at the Jambo Creek School of yesteryear. *(The information was taken from a Kiel Herald, May 4, 1922 article found online at www.2manitowoc.com/jambo.html.)*

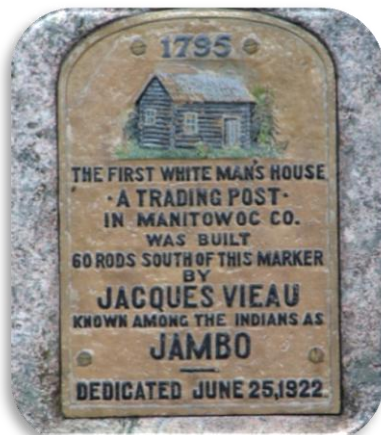

School District No. 3, in the southwestern part of Gibson...is known as the Jambo Creek School, the school house being near the creek bearing that name. It is the school whose representative, Norman Peronto, carried off first honors in language at the county contest last year. The school board consists of Ed. H. Krueger, Louis Stueck and Edward Eckhard, and the teacher is Miss Eleanor Freis.

The Board approves and supports the teacher in her plans and efforts to follow the modern method of making the rural school a community center. Frequent meetings have been held when programs with a pleasing variety of entertainments were presented. They remember the old folks talking about the good old times when singing societies, and spelling bees, and debating clubs, and even revival meetings, made use of the old log school house. And they believe that this so-called community center will supply the natural and universal demand for social and neighborly intercourse and will at the same time make for better citizenship.

At one of the meetings of the community center above mentioned, Mr. Herman Wilson delivered an address on the subject of the Jambo Creek trading post. His thorough research led him to the conclusion that its site was near the school house and he suggested that it be properly and permanently marked. Mr. J.M. Zahorik, who knew of many Indian relics being found in and about the site, enthusiastically supported him. Others followed, and soon the entire community was ready to back the movement which will reach its climax on Sunday, June 11th next.

Since the meeting mentioned the people of the District have been busy promoting the movement. They found a suitable boulder, of gray granite, on the Weymiller farm, so large that it took six teams to haul it to its allotted place, which work was done during the winter just past. It has been placed in position and the carving work thereon is now being donated by Mr. Nic. Kettenhofen, who will also furnish the bronze tablet with the inscription.

The community is making arrangements for the celebration in a systematic manner. Committees will arrange for music, program, picnic, etc. They already have the acceptance of Prof. Jos. Schafer, Secretary of the State Historical Society, to deliver the dedicatory address. They are now at work ascertaining the whereabouts of the descendants of Jambo and of his Indian friends, and intend to invite these as guests.

Historic markers can be found near the Mishicot Sportsman's Park on Jambo Creek Road.
